

## **ASME Press Bio and Nano Medical Devices & Materials Series**

### Proposal submission requirements

Please provide as much information as possible to help our early assessment:

1. Brief overview, or synopsis of the topic. This may also be an extended abstract.
2. Sample published paper(s), or book chapter relevant to the topic.
3. Chapter outline, if possible for the proposed work.
4. Estimated number of printed pages would also be helpful, to insure we stay within the intended range of 50-100 pages for this concise series. Word count is estimated at 250 words per page for a 6x9 inch publication. The maximum number of words is approximately 25,000 words.
5. Proposed completion date of the manuscript.
6. Contact details of 3 proposed reviewers, who are familiar with the work and are not currently sharing a professional affiliation with any of the authors.
7. Current CVs for all proposed authors, including publishing history.
